BILLING CODE 8010-01-M

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (Howtek, Inc., Common Stock, \$.01 Par Value) File No. 1-9341

July 12, 1995.

Howtek, Inc. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified security ("Security") from listing and registration on the American Stock Exchange, Inc. ("Amex").

The reasons alleged in the application for withdrawing the security from listing and registration include the following:

According to the Company, the Board of Directors of the Company ("Board") unanimously approved resolutions on May 31, 1995, to withdraw the Security from listing on the Exchange and, instead, list the Security as National Market securities on the Nasdaq Stock Market, Inc. ("Nasdaq"). The decision of the Board followed a lengthy study of the matter, and was based upon the belief that listing of the Security on Nasdaq will be more beneficial to the Company and its shareholders than the present listing on the Exchange because:

1. The Nasdaq system of multiple, competing market makers will provide the Company with increased visibility within the financial community, thereby encouraging greater investor awareness of the Company's activities;

2. The Nasdaq system will enable the company to attract its own group of market makers and expand the capital base available for purchases of the Security;

3. The Nasdaq system will stimulate increased demand for the Security and result in greater liquidity for the Company's shareholders; and

4. The firms making a market in the Security on Nasdaq will be more likely to issue research reports on the Company, which will increase the availability of information about the Company and the Security and enhance the Company's visibility to investors.

Any interested person may, on or before August 2, 1995, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, N.W., Washington, D.C. 20549, facts

bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Receipt of Noise Compatibility Program and Request for Review for Glendale Municipal Airport, Glendale, AZ

AGENCY: Federal Aviation Administration.

ACTION: Notice.

SUMMARY: The Federal Aviation Administration (FAA) announces that it is reviewing a proposed noise compatibility program that was submitted for Glendale Municipal Airport under the provisions of Title I of the Aviation Safety and Noise Abatement Act of 1979 (Public Law 96-193) (hereinafter referred to as "the Act") and 14 CFR part 150 by the city of Glendale, Arizona. This program was submitted subsequent to a determination by the FAA that the associated noise exposure maps submitted under CFR part 150 for Glendale Municipal Airport were in compliance with applicable requirements effective July 5, 1994. The proposed noise compatibility program will be approved or disapproved on or before December 27, 1995.

EFFECTIVE DATE: The effective date of the start of FAA's review of the noise compatibility program is June 30, 1995. The public comment period ends August 29, 1995.

FOR FURTHER INFORMATION CONTACT: David B. Kessler, Environmental Protection Specialist, AWP-611.2, Planning Section, Western-Pacific Region, Federal Aviation Administration, P.O. Box 92007, Worldway Postal Center, Los Angeles, California 90009-2007, Telephone 310/297-1534. Street Address: 15000

Aviation Boulevard, Hawthorne, California 90261. Comments on the proposed noise compatibility program should also be submitted to the above office.

SUPPLEMENTARY INFORMATION: This notice announces that the FAA is reviewing a proposed noise compatibility program for Glendale Municipal Airport which will be approve or disapproved on or before December 27, 1995. This notice also announces the availability of this program for public review and comment.

An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Federal Aviation Regulations (FAR) Part 150, promulgated pursuant to Title I of the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes for the reduction of existing noncompatible uses and for the prevention of the introduction of additional noncompatible uses.

The FAA has formally received the noise compatibility program for Glendale Municipal Airport, effective on June 30, 1995. It was requested that the FAA review this material and that the noise mitigation measures, to be implemented jointly by the airport and surrounding communities, be approved as a noise compatibility program under section 104(b) of the Act. Preliminary review of the submitted material indicates that it conforms to the requirements for the submittal of noise compatibility programs, but that further review will be necessary prior to approval or disapproval of the program. The formal review period, limited by law to a maximum of 180 days, will be completed on or before December 27, 1995.

The FAA's detailed evaluation will be conducted under the provisions of 14 CFR part 150, section 150.33. The primary considerations in the evaluation process are whether the proposed measures may reduce the level of aviation safety, create an undue burden on interstate or foreign commerce, or be reasonably consistent with obtaining the goal of reducing existing noncompatible land uses and preventing the introduction of additional land uses.

Interested persons are invited to comment on the proposed program with specific reference to these factors. All comments, other than those properly addressed to local land use authorities, will be considered by the FAA to the extent practicable. Copies of the noise

exposure maps, the FAA's evaluation of the maps, and the proposed noise compatibility program are available for examination at the following locations:

BILLING CODE 4910-13-M

Index of Administrator's Decisions and Orders in Civil Penalty Actions; Publication

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice of publication.

SUMMARY: This notice constitutes the required quarterly publication of an index of the Administrator's decisions and orders in civil penalty cases. The FAA is publishing an index by order number, an index by subject matter, and case digests that contain identifying information about the final decisions and orders issued by the Administrator. Publication of these indexes and digests is intended to increase the public's awareness of the Administrator's decisions and orders. Also, the publication of these indexes and digests should assist litigants and practitioners in their research and review of decisions and orders that may have precedential value in a particular civil penalty action. Publication of the index by order number, as supplemented by the index by subject matter, ensures that the agency is in compliance with statutory indexing requirements.

FOR FURTHER INFORMATION CONTACT:
James S. Dillman, Assistant Chief
Counsel for Litigation (AGC-400),
Federal Aviation Administration, 701
Pennsylvania Avenue NW, Suite 925,
Washington, DC 20004; telephone (202)
376-6441.

SUPPLEMENTARY INFORMATION: The Administrative Procedure Act requires Federal agencies to maintain and make available for public inspection and copying current indexes containing identifying information regarding materials required to be made available or published. 5 U.S.C. 552(a)(2). In a notice issued on July 11, 1990, and published in the **Federal Register** (55 FR 29148; July 17, 1990), the FAA announced the public availability of several indexes and summaries that provide identifying information about the decisions and orders issued by the Administrator under the FAA's civil penalty assessment authority and the rules of practice governing hearings and appeals of civil penalty actions. 14 CFR part 13, subpart G.

The FAA maintains an index of the Administrator's decisions and orders in civil penalty actions organized by order number and containing identifying information about each decision or order. The FAA also maintains a subject-matter index, and digests organized by order number.

In a notice issued on October 26, 1990, the FAA published these indexes and digests for all decisions and orders issued by the Administrator through September 30, 1990. 55 FR 45984; October 31, 1990. The FAA announced in that notice that it would publish supplements to these indexes and digests on a quarterly basis (i.e., in January, April, July, and October of each year). The FAA announced further in that notice that only the subject-matter index would be published cumulatively, and that both the order number index and the digests would be non-cumulative.

Since that first index was issued on October 26, 1990 (55 FR 45984; October 31, 1990), the FAA has issued supplementary notices containing the quarterly indexes of the Administrator's civil penalty decisions as follows:

Dates of quarter	Federal Register publication
1/1/95-3/31/95	60 FR 19318; 4/17/95

*Due to administrative oversight, the index for the third quarter of 1994, including information pertaining to the decisions and orders issued by the Administrator between July 1 and September 30, 1994, was not published on time. The information regarding the third quarter's decisions and orders, as well as the fourth quarter's decisions and orders in 1994, were included in the index published on January 23, 1995.

In the notice published on January 19, 1993, the Administrator announced that for the convenience of the users of these indexes, the order number index published at the end of the year would reflect all of the civil penalty decisions for that year. 58 FR 5044; 1/19/93. The order number indexes for the first, second, and third quarters would be non-cumulative.

The Administrator's final decisions and orders, indexes, and digests are available for public inspection and copying at all FAA legal offices. (The addresses of the FAA legal offices are listed at the end of this notice.)

Also, the Administrator's decisions and orders have been published by commercial publishers and are available on computer databases. (Information about these commercial publications and computer databases is provided at the end of this notice.)
